PROFESSIONAL SUMMARY

Full-Stack Software Engineer with 5+ years building scalable, production web, mobile and AI applications. Currently shipping CRM, workflow automation and AI page-builder modules for Serlzo, a SaaS creator platform. Founder of SendSawa, a social commerce platform serving 100+ Nigerian merchants. Strong in TypeScript, React, Next.js, Node.js, Python and PostgreSQL, with hands-on LLM engineering using LangChain, RAG and Groq.

AREAS OF EXPERTISE

- **Full-Stack Web Development:** TypeScript, JavaScript, React, Next.js, Node.js, Express.js, REST APIs, SSR, technical SEO
- **Mobile and Desktop Applications:** React Native, Electron, Redux, Zustand, GSAP
- **AI and LLM Engineering:** Python, LangChain, Groq, RAG, embeddings, hybrid search, FastAPI
- **Databases and Cloud:** SQL, PostgreSQL, Supabase, MongoDB, Firebase, Docker, Vercel
- **Engineering Practices:** CI/CD, Git, automated testing, authentication (JWT, NextAuth), Agile Scrum
- **Embedded Systems and IoT:** C++, Arduino, real-time monitoring dashboards

PROFESSIONAL EXPERIENCE

Serlzo | Software Engineer | UK (Remote) 04/2026 to Present

- Shipped 7 of 8 assigned modules in my first quarter on Serlzo v2, an all-in-one creator SaaS platform, by owning features end to end in a 4-person Agile Scrum team
- Enabled creators to manage contacts and sell courses in one place by building the CRM and courses modules across the creator dashboard, admin app and public site in React, Next.js and TypeScript
- Connected platform features into automated workflows by owning the frontend of the trigger-and-action automation builder
- Made routine operations self-serve with no direct database access by building the internal admin dashboard
- Driving AI-assisted page creation for creators by building a visual editor and funnel canvas powered by Sio, Serlzo's AI agent
- Improved landing page speed and search visibility by building it from scratch and owning performance tuning and technical SEO
- Delivered a release-ready Android build of the React Native app by building its community discovery and referral interfaces

Oceanz Robotics | Robotics Engineer Intern 03/2024 to 09/2024

- Improved operational efficiency by 40% across 5+ client projects by designing IoT automation in embedded C++ on Arduino
- Cut development cycles by 25% by building React and Node.js dashboards for real-time system monitoring

Freelance Software Engineer 2021 to 2024

- Delivered production apps for startups and 3 global brands, including a MERN e-commerce platform and a people-matching app, by building full-stack React, Next.js, Node.js and TypeScript solutions with a 12+ endpoint REST API
- Hit 92% onboarding completion and 99.2% payment success by building JWT/NextAuth auth and Flutterwave payments
- Reduced deploy time from 45 to 8 minutes and page load times by 60% by setting up CI/CD pipelines
- Reduced delivery delays by 35% by building a Telegram bot for delivery operations

PROJECTS

SendSawa | Founder | Next.js, Supabase, TypeScript, Vercel

- Social commerce platform giving sellers one storefront link with listings and checkout, serving 100+ merchants in Nigeria
- Ranked merchant stores in Google Search and AI Overviews by building SSR, dynamic sitemaps and subdomain storefronts

unlost | Electron, React, TypeScript, Python, FastAPI, LangChain, Groq

- Desktop app that finds files by description, searching text in PDFs, Office files and OCR'd images, fully on-device
- Built hybrid search (embeddings, SQLite FTS5, filenames) via reciprocal rank fusion with cited Q&A (LangChain, Groq)

2048 AI Solver | Python, NumPy, Numba

- Hit the 2048 tile in 79% of games, 5x the next-best, by benchmarking Expectimax, Monte Carlo and NEAT agents over 100 runs

EDUCATION

B.Sc. Industrial Physics, First Class Honours (CGPA 4.68/5.0), Covenant University, Nigeria 09/2021 to 08/2025

LEADERSHIP

Frontend Co-Lead, Google Developer Student Club, Covenant University 09/2024 to 07/2025

- Grew frontend skills across an 80+ student track by leading the curriculum, running 12+ workshops and mentoring 25+ students
